This week's

OMG moment

God bless VS!

Keep your friends close and enemies closer, right? Our jaws dropped when we saw estranged exes Kris and Caitlyn Jenner hugging it out in the frow at the Victoria's Secret Fashion Show in New York last week. But while they put on a united front for daughter Kendall, who made her runway debut for the lingerie giant, it was a different story away from the cameras. "Cait couldn't drop her arm from Kris's shoulder quick enough!" says our VS mole. What's more, Caitlyn gave the Angels a run for their money, flashing major side boob in a sheer-panelled LBD!

Well, when you've (only recently) got them, flaunt 'em, right?

It's the highlight of our calendar here at NW HQ.

The Oscars frocks might be glam and the MTV VMAs wild, but it's the pics from the Victoria's Secret Fashion Show that have us all on the edge of our seats as we click refresh, refresh, refresh!

This week, we find out how the heavenly hotties get those angelic bods – and we're exhausted just thinking/writing about it.

In fact, there are transformations happening right through the mag – some inspiring, some a little more extreme. If only this shape-up motivation would rub off on me.

I guess there's always next week! Enjoy the issue.

SCOTT'S SHOCK CONFESSION

'I s

YOUR S

The troubled party boy reveals all his indiscretions – and they ain't pretty!

TOO CLOSE FOR COMFORT

Scott once declared on Instagram that "I'm in love with the Koko". For her part, Khloe has said they're "very much involved in each other's lives" and his "world could not be lived without me".

Photos: Instagram

CREEPING ON KYLIE

In March, Scott copped flak on social media for instagramming this sleazy poolside snap of him cosyng up to Kylie, who was 17 at the time. "Scott is a major pervert," sniped one commentator.

Long-suffering Kourtney Kardashian has stood by Scott Disick through thick and thin over the past 10 years. But her loyalties were pushed to their limits the last time she visited him in rehab.

As part of Scott's 90-day treatment program – that lasted just 30 days! – at the exclusive Cliffside Malibu facility, the recovering addict had to get brutally honest with 36-year-old Kourt in a bid to make amends.

Brutally honest, as in confessing to sleeping with 40 chicks – some without protection!

"Scott sat Kourtney down and confessed to all of his bad behaviour, from the years of cheating to the drug-fuelled sex parties... it's the only way for him to move on," an insider tells *Life & Style* magazine. "She was shocked to finally hear about things she'd suspected for years. She was teary eyed."

But Kourtney still hasn't got the whole story, because according to *Life & Style*, Scott sensationally confessed to a pal that he slept with her sister Khloe, 31, in the Hamptons last year.

"He and Khloe became far too close," spilled the friend. "[They] were partying together and ended up landing in bed – or more accurately, the shower – together."

Making matters worse, the mag claims Scott even boasted

to another pal that he had a drunken one-night stand with Kourtney's youngest half-sis Kylie Jenner, 18. Ew!

While there's no proof to back the outrageous claims, it wouldn't be the first time Scott's stepped out on his missus.

In June, he hooked up with stylist and ex-girlfriend Chloe Bartoli, 25, in France, and more

Was it a sham?

Despite completing 30 days at the five-star facility, Scott's long-running battle with sobriety has prompted speculation that he may have left treatment too soon.

"You probably didn't finish rehab again, Lord Alcoholic," jabbed one fed-up fan, while another asked, "What are you doing out?"

Online cynicism didn't end there. When money-minded Kardashian matriarch Kris Jenner was seen around the Malibu centre the other week with a camera crew in tow, bloggers branded Scott's latest stint as an elaborate stunt to boost ratings!

"If Scott stays sober, [producers] are going to offer him a contract for next season's *KUWTK* because he is a huge draw," a source tells RadarOnline. "Plus, Kris thinks that his story will be great for ratings. Everyone loves a comeback."

Slept with KIRSTEN

recently, with 18-year-old model Lindsay Vreckovnik!

Scott's confession has helped him heal and make real progress in rehab, with one insider noting that he "seems like his old pre-addiction self".

But now that he's upped and left the luxurious facility after just 30 days, concerns for his recovery are growing once more.

After all, in the past year, Scott has entered rehab programs in Costa Rica, Connecticut and Florida, only to fail to see out the suggested treatment time and relapse soon after bailing.

But despite all his shocking confessions, which were reportedly filmed for the new season of *Keeping Up With The Kardashians*, Kourt still isn't ready to throw in the towel on their nine-year relationship yet.

In a tearful admission on a recent episode, Kourt said she'd "worked so hard to keep this family together" and is still hopeful that Scott's latest stint will put him back on track.

"She won't give up her family," adds a Kardashian source. "For the sake of her kids." ■

When Scott came clean, the source says Kourt 'stayed quiet... but she was angry'

Kourt feels completely betrayed!

Sam's got Sel by the finger in New York on November 9

Selena's HOT HOOK-

Hands-on approach

The pair made no effort to hide their affection.

Look away, Justin Bieber! Yup, it seems Selena Gomez has washed that no-good ex right out of her hair once and for all!

The brunette bombshell, 23, looked like one smitten kitten as she cosied up to her super-cute new fella Samuel Krost during a romantic dinner date in New York last week.

Bieber's got the blues

If his latest bout of bad behaviour is anything to go by, poor ol' Justin's feeling left out in the cold now that his ex has moved on.

Just days after storming off stage during a concert in Oslo, Norway, the pop brat was seen angrily knocking over a chair at a restaurant in Cannes!

Could it be Biebs finally realised what he's lost?

He's certainly not shy about lamenting over where he went wrong with Sel - who he still calls his "homey".

"You're on the road. And there

are beautiful women on the road. And you're just getting yourself into trouble," he admits of trying to stay faithful.

Making things more painful for Biebs, Sel's PDA with Sam came just days after he gushed to Ellen DeGeneres about trying again

with his ex!

"I am sure it could possibly happen," he said. "She is someone I love dearly. I'm never going to stop loving her. I'm never going to stop checking in on her."

Looks like that ship has sailed, Biebs...

Lap of luxury

Sel skipped dessert because Sam was sweet enough!

Dinner for two, chair for two!

HOT NEW UP!

Bye-bye, Biebs – the brunette babe's got a cute new man in her life

In fact, the pair could barely keep their paws off each other, holding hands and gazing into each other's eyes at Italian eatery Cipriani.

"There was some serious chemistry between them," noted an onlooker. "They were super hands-on, and he looked like a really nice guy. Sel looked happier than she has in ages."

What's more, unlike her bad-boy exes – Justin, 21, and flash-in-the-pan dalliance DJ Zedd, 26 – friends reckon Sam is not only a great guy, but a real keeper!

Yep, as well as being a handsome young chap, Sel's Prince Charming is super smart, having graduated with a business degree from New York University while also scoring Dean's List honours!

And while he may not be famous, after her rough run

with celebrity hunks, Sel recently told chat-show host Ellen DeGeneres that she's dying to date a "normal" guy.

"I don't know if I want someone who's in the industry," she said.

Well, it look like Selena's got her wish!

Handsome Sam, who's also a model, may have famous friends, but he loves his down-to-earth job as a sales and merchandising executive.

Most importantly, he also got the stamp of approval from Selena's protective pal Gigi Hadid, 20.

Before stepping out with Sel, Sam – who's great mates with both the Hadid sisters – and Gigi went to Heidi Klum's Halloween bash dressed as *Grease* characters.

Now the only question is: what should their celeb couple name be? We reckon Samena has a certain ring to it... ■

Mossy's noble ambition

Slow and steady isn't a phrase model Kate Moss is used to – especially when it comes to her new, red-hot romance with toyboy Count Nikolai von Bismarck!

In fact, we hear catwalk queen Kate, 41, is determined to lock down her 28-year-old boyfriend and join the aristocracy!

"The word is that Kate is keen to make this a formal partnership," our source confirms. "She loves the idea of scoring a fancy title!"

Indeed, Mossy's wasted no

time trying her lofty new lifestyle on for size.

The British beauty recently returned from a five-star break with her live-in lover on the private Caribbean island of Mustique.

We have to admit, Countess Kate sure suits the supermodel!

Private paradise

Mustique's long been a go-to vacay spot for Britain's royals.

TUMTHING

to tell us, Jess

The newly slim star's strange-looking stomach has many wondering if she's had a mummy tuck!

Jessica Simpson's strict diet and exercise regimen has seen her lose a staggering 22kg since the birth of her second child Ace two years ago – but getting her pre-bub bod back has been no easy feat.

While the svelte hottie looked a million bucks as she stepped out in New York recently with husband Eric Johnson in tow, her belly-baring black crop top revealed some rather odd-looking ridges on her tum.

And it wasn't long before the rumour mill spun into overdrive with speculation the 35-year-old singer may have had a little extra help from her friendly local plastic surgeon to shift those stubborn final few kilos.

Indeed, judging by these pics, something certainly seems to be amiss!

'IT REALLY LOOKED LIKE SHE'D HAD SOMETHING DONE'

Secret procedure?

"She's in great shape, so it's only natural Jess wants to show off her amazing bod, but her tummy looked, well, really weird," noted an onlooker in New York.

The observant fan adds that Jess's odd vertical ridges ran all the way from under her ribcage to the top of her pants.

"It really looked like she'd had something done," says the spy.

Sydney-based plastic surgeon Dr Kourosh Tavakoli agrees that the star's bizarre belly could well be a result of fat-removing and skin-tightening procedures.

"She looks like she's had a tummy tuck combined with liposuction," says Dr Tavakoli. "The rippling or tethering of the skin is a dead giveaway of liposuction on the upper abdomen, with residual internal scarring. The skin's tight and shiny – indicative of her abdominal skin being pulled." Yikes!

THEN

THE RIPPLE EFFECT

Arizona-based plastic surgeon Dr Richard J Brown agrees that weird ripples like Jess's can occur after abdominal surgery.

"It could be that [Jess] required more undermining of the skin in that area, or it could be from suturing to the abdominal wall," he explains. "Constant compression and lymphatic massage with a specialist can smooth out these areas over time."

No stranger to surgery

Indeed, Jess – who also has a three-year-old daughter, Maxwell – is the first to admit she's open to the cheeky nip/tuck.

In 2006, she confessed to having her lips plumped, saying, "I had that Restylane stuff," but that she hated the feel of it.

She later admitted she'd be open to serious surgery, "If my boobs dropped down to my belly button!"

Luckily, it looks like you're still a long way from that, hon! ■

KATE HUDSON

Then

"If someone wants to go get butt implants, then sure, go get butt implants," says the 36-year-old, who won't say if she's had a little nip tuck.

CINDY CRAWFORD

Then

Now

Good genes or good surgeon? Cindy, 49, says she's visited the same medic since she was 29! "I owe the quality of my skin to my cosmetic surgeon."

JULIA ROBERTS

Then

Now

Jules, 48, denies any surgery, but New York plastic surgeon Dr David Shafer reckons the actress has had "skin tightening" on her tum.

When surgery goes bad...

Botched tummy-tightening procedures can leave patients stuck with lumps and bumps that are very hard to get rid of - not to mention unsightly to look at!

'I had body contouring, but it all went wrong,' says Tara Reid, 40.

'I have had something done but it's not on my face,' says Demi Moore, 53.

She lost her navel after lipo, but Patricia Heaton, 57, says she'd 'recommend it to anyone'!

Gavin's

AFFAIR THE N

Gwen opens up about the fling that destroyed her marriage

Gwen Stefani remembers the exact day her "life blew up in my face" — right after she hit the stage at the Grammys on February 8, her voice quivering as she performed *My Heart Is Open* with Adam Levine.

Less than 24 hours later, she would confront husband Gavin Rossdale about disturbing, elicited text messages found on her kids' iPad between him and their Australian nanny Mindy Mann.

"The iPad was linked to Gavin's phone," a family insider tells *Us Weekly* magazine. "One of the other nannies discovered the exchange and told Gwen."

Indeed, the No Doubt star confirmed to Ryan Seacrest on November 3, that something "major" happened "the day after" the awards that would change her life forever.

"Everybody knows that my life blew up last February," says Gwen. "I was going along thinking that was going to be the rest of my life, and it's not."

Sadly, according to the mag, despite Gavin's initial insistence that the explicit pictures and texts arranging to meet for sex were just a "flirtation", he finally confessed in August to having a three-year affair with the 20-something au pair, prompting Gwen to pull the plug on their 13-year marriage.

"It completely devastated her," the source tells *Us Weekly*. "She was mortified, livid and embarrassed."

Heartbreakingly, there was more humiliation to come, with the source revealing that Gavin

'There was one night, the epicenter of the whole thing,' says Gwen of the moment her marriage crumbled. 'What I will tell you is that I was married for a long time and now I'm not. It was like a shock.'

Mindy's been right under Gwen's nose for years!

WITH ANNY EXPOSED!

left Gwen in hospital following the birth of their third son Apollo in February 2014 to go and have sex with Mindy.

"They were hooking up all over," the insider claims. "Gavin couldn't control himself."

What's more, while Gwen was filming *The Voice*, the *Us Weekly* source alleges Mindy would take the kids to see Bush rocker Gavin on tour – and have sex with him on the tour bus the minute the kids fell asleep!

Their fling almost got blown wide open in 2012, though, when the duo were snapped on a hike with sons Kingston, nine, and Zuma, seven – and 50-year-old Gavin's hand on Mindy's butt!

Flying into damage control, his camp insisted he was just trying to "keep her from falling", while panicked pals attempted to pass Mindy off as Gav's sister Soraya!

Of course, Gwen's always had her suspicions, revealing in 2002, "I'm in a band, I know exactly what goes on backstage. I wish I had a little leash to walk Gavin round."

In fact, she and Gavin split several times in the early days over his alleged dalliances with All Saints singer Nicole Appleton, Corrs frontwoman Andrea Corr and Courtney Love, who's confirmed Gwen "does know" about their fling.

And that's just the tip of the iceberg! In 2004, their two-year marriage was shaken to the core when a DNA test proved Gavin was the secret father of his then-15-year-old goddaughter, model Daisy Lowe, even though he'd always denied sleeping with her mum Pearl!

"It was a very rocky time and very stressful," says the *Us Weekly* insider. "But Gwen is a Catholic girl who was determined not to divorce."

But a girl can only take so much, which is why Gwen has ditched her no-good ex for good and is starting on a fresh future with new beau Blake Shelton.

"I'm living in the moment, you know what I'm saying? I'm actually so grateful just to feel so alive," says Gwen. "Honestly, I'm feeling everything so much and that's great."

Unfortunately, it looks like she's out of the frying pan and into the fire... ■ →

Mindy, Gavin and the boys in 2012, the year the affair allegedly began

Watch out! Mindy's a Single White Female!

Not long after Mindy – a self-confessed Gwen Stefani fan – was hired by the famous family back in 2008, things got creepy.

"Mindy began posting pictures on social media dressed in a similar way to Gwen," says a family insider.

"If Gwen would eat something or do a workout, or get a new handbag, Mindy would do the same."

The same went for Gwen's taste in men, it would seem...

**GWEN'S
TOXIC
NEW LOVE**

'Blake will break her heart!'

'Blake's totally
using Gwen'
says our
insider. 'He loves
high-profile
women.'

Is the singer headed
for more heartache
with bad-boy Blake?

The 'Nannygate'
scandal has been the
cruellest of blows for
Gwen Stefani, but it
looks like she could be
on track for another broken heart.

Instead of feeling relieved now
that her relationship with Blake
Shelton is out in the open, she's
faced with allegations her new
man's a no-good, booze-swilling,
opportunistic love rat. Yikes!

Indeed, if Gwen thought Gavin
had skeletons in his closet, she
may be facing another packed
wardrobe with Blake, who ended
his four-year marriage to fellow
singer Miranda Lambert in July.

There has been a flurry of
tabloid speculation that the
marriage of country music's
golden couple was blighted by
booze-fuelled arguments.

"He's a womanising booze
hound," says an insider. "Blake
cheated on Miranda and he'll do

it to Gwen, too. She's divorcing
one cheater for another!"

What's more, with Blake, 39,
and Gwen both splitting from
their other halves within
weeks of each other,
questions are being
asked about how long
the *Voice* co-judges have
been carrying on their
secret fling, which was
first reported several
months ago!

Perhaps worst of all, those in
46-year-old Gwen's inner circle
fear country star Blake may be
using her for her industry
connections to further his career
among the pop crowd. He's
already reaping the benefits of
being the new Mr Stefani, with
news they've recorded a duet!

"Of course he's acting like the
perfect guy – he's onto a big
thing," adds our insider.

Some cynics even think the
fling between Gwen and Blake
has been orchestrated to boost
ratings for *The Voice*!

"The executives are even
hinting to them that, when it
gets to battle round, they should
play it up for the cameras so they
purposely steal each other's
eliminated contestants," spills a
production source. Game on! ■

**'HE'S A

WHAT THE CLUCK?!

Blake has a reputation for
working hard and playing even
harder. In 2013, the crooner was
snapped passed out in a chicken suit
after a bender that allegedly started at
1pm! But it seems Blake's now trying to
keep it together to impress Gwen. "He's
pouring on the charm and reeling her
in quickly," says our insider. "She's
dazzled by him, but it's a real
worry... This new guy's got
a booze problem."

Blake Shelton
Im so drunk right now I just walked in to
Kentucky Fried Chicken and shouted "Finger
licking good?!! Can yall dump my order in
my pants?!"

If you thought Gwen's divorce was dirty...

While Gwen and Gavin's
once-amicable break-up
looks to be headed for
stormy waters thanks
to the Mindy Mann
allegations, they're not
alone! Miranda and
Blake's split has become
increasingly savage since
they parted ways in
August, with all sorts of
claims flying around
– including reports of
substance abuse and
cheating on both sides!

The race to the Victoria's Secret runway

The Victoria's Secret Fashion Show is the biggest, brightest and boobiest runway fest on the planet – not to mention the most exclusive! As newbie Kendall Jenner gushes, "[It's] always been one of my biggest dreams to be on this catwalk." It's also big business, and some Angels have been known to drop as much as 3kg in three days leading up to the show. Here, the models tell us how they prep their bangin' bods...

Alessandra Ambrosio

Diet

"I'll be eating healthy and I'll watch what I'm eating," says the 34-year-old. "I love green juices. I'll cut down on cakes and all that other bad stuff."

Exercise

Along with boosting her heart rate with SoulCycle, this year the Brazilian mum-of-two toned her flawless rump with barre workouts – which are a fusion of yoga, ballet and Pilates. "It's important to break a sweat every day, and I love the way Pilates makes me feel long and lean," Alessandra says.

GROOVIN'!

Alessandra wanted to tone her butt without bulking up her legs, says trainer Leandro Carvalho. "Combining dance and Capoeira, I could get her the results she wanted."

Candice Swanepoel

Diet

To kickstart her metabolism for punishing daily workouts, the South African stunner loads up with a body-fuelling breakfast. Such as? "Tea with milk and honey, homemade granola and Greek yoghurt, and eggs for protein," she says.

Exercise

Yoga, Pilates and barre – she's doing gruelling calisthenics and cardio sessions, but the workouts 27-year-old Candice couldn't live without are aerial yoga and ballet. "With ballet, you have to control all the way to your fingertips," she says. "It doesn't look like it, but you use a lot of muscle controlling."

KILLIN' IT!

"Candice, who I've been training for nine years, can get into shape in three weeks," says personal trainer Justin Gelband. "Her body bounces back immediately. It's like a joke, in a good way."

Victoria's Secret

Adriana Lima

Diet

She sticks to a liquid diet in the nine days before a show, getting lots of vitamin C and energy via brekkie smoothies of “kale, spinach, banana and a splash of fresh pineapple juice”.

Exercise

“I tried many different things – spinning, aerobics, step, yoga,” says Adriana, 34. “And then I tried boxing and I loved it... It’s the best form of cardio. You get toned but not bulky, and it’s not boring.”

ANGEL TRAINER TELLS ALL!

With all those eyes tuning in, the stakes are high – and the booties are even higher thanks to Rob Piela! The former professional boxer and go-to VS trainer works with Gigi Hadid daily at his New York fitness centre Gotham Gym and also counts her model pals Kendall Jenner, Cara Delevingne and Shanina Shaik as clients. And his boxing-based workouts get bodies bangin’ – fast! “You’ll see results within the first week, for sure,” he says. “You’ll be in better shape within a week, but getting smaller depends on how you eat. And consistency is key.” Every plan is tailored to the client, but when it comes to training models, there are a few common toning targets. “Everything is all about the hips and the legs,” says Rob. “Women store fat in the lower part of their body, and that’s usually what most women ask for when they come.” But it’s not all sparring. “We start with jump rope – there’s no better way to slim down legs – and we end with ballet-inspired floor exercises,” Rob says of his model-moulding workout. “In the middle, we box.”

Gigi Hadid

Exercise

The former horse-rider and volleyball champ, who played the sport for 12 years, turned to her new love – boxing – to get in the shape. She’s such a fan she does it seven days a week! “I box every day,” says the super-fit model. “It’s the only thing I do. I can’t go to the gym and run. I’d rather die.”

Diet

“The biggest thing I always say is, ‘Eat clean to stay fit, and then have a cheat day to stay sane,’” says Gigi, 20. “I personally would rather do the Master Cleanse for 20 days than just eat salad for six months.”

Kendall Jenner

Diet

Kendall, 20, drinks like a fish! "I usually start my day off with a cup of detox tea," she says. "I have, like, 12 cups a day." Kenny says she was "eating super clean" to prep for the show and had chicken, sweet potato, eggwhites and avocado before it.

Exercise

To maximise her exercise, Kendall runs to and from the gym, where her sessions involve cardio and "some muscle-building to tone myself up!" "I'll run to a gym and get on the treadmill. I [also] do a lot of ab work and planking," says Kenny, who trains four times a week.

Hitting the gym

She put in the hours to land her VS gig.

Lily Aldridge

Diet

As the model chosen to wear the \$2.8 million Fantasy Bra, Lily, 29, wanted to glow from the inside out! How? "Lots of roast chicken and vegetables, eating clean," she says. "I mostly cook my own food so I know everything that's going into it."

Exercise

"I do a lot of Ballet Beautiful. I usually do two workouts a day leading up to the show," she says. "I do an hour in the morning, and 30 minutes in the afternoon. Or I'll switch it around. I'll do 30 minutes of cardio, and then [Ballet Beautiful] for an hour."

MIX IT UP

Trainer Justin Gelband reveals that Lily prefers exercises that target her hips, arms and butt such as "light boxing" and "sliders", plus Pilates in her free time.

Elsa Hosk

Diet

"I like healthy food and prefer that anyway, but if I want pizza or a can of Coca-Cola every once in a while, I'm going to have it," she insists. "I just try to have a few slices and that's it."

Exercise

"I'm obsessed with boxing... I love it because you are learning something new every time and that keeps me coming back for more," says the 27-year-old Swede. "I'm really into fast-paced, high-energy workouts."

HONE IT

"How do you take her and give her an even better body?" says trainer Harley Pasternak. "She's really about fine-tuning and healthy living."

GONE TOO FAR?

Izabel Goulart, 31, drew gasps with her inverted tummy, sparking speculation the pressure was too much. She broke down during the auditions, crying, "[I] try to... work as hard as I can."

Vita Sidorkina, 20, admits to getting "butterflies in my stomach every time I realise that I'm working for such a famous brand". So perhaps it's nerves to blame here!

Dutch beauty Maud Welzen's Bambi-thin legs garnered more attention than her outfit - not that it bothers the 21-year old. "It's the job of the model to stay in shape," she argues.

Behati Prinsloo

Diet

The key for Behati is eating well all year round and keeping almonds and other nutritious snacks on hand. "I go to Whole Foods and stock up on healthy food," says the 26-year-old. "My go-to snack right now is kale chips."

Exercise

Of all the workouts, we want to try Behati's the most - because she sweats it out with her hubby Adam Levine! "Kinda have a thing for my trainer," she wrote beside a pic of them holding an ab-tautening plank. Hot!

Yikes! KY'S SCA

Is her cash-hungry boyfriend Tyga lining her up for a seedy sex tape?

Kylie Jenner's klan aren't exactly shy when it comes to whipping off their kit for the camera.

But explosive revelations have lifted the lid on her boyfriend Tyga's seedy pornography past – and his secret efforts to turn Ky into his own adult-movie star!

In an exclusive interview with NW, porn actress Raylin Christensen – aka Skin Diamond – claims cash-hungry Tyga's plans are already well under way.

Disturbingly, we're told Tyga has started filming some of his sexcapades with Ky.

"He always tells her he deletes the footage, but he never does," says our Kardashian insider.

Raylin, who appeared alongside porno director, producer and actor Tyga in his 2012 flick *Rack City XXX*, says he's been grooming Kylie into becoming the perfect porn star.

And since 18-year-old Kylie started dating Tyga, 25, she's transformed from a freckle-faced girl-next-door into a sex bomb with puffy lips and huge boobs –

SISTERS DIVIDED

Kendall, 20, says she hates Tyga in an ep of *KUWTK*, because of how he gatecrashed their family vacay! Ken told Kylie, "I was really looking forward to this trip to hang out with you." Meanwhile, Kris is concerned about Ky's beau as "Tyga's friends are enablers", a pal told *People*.

Steamy scenes

Kylie and Tyga are getting raunchy for the camera!

PORNO ANDAL

a look synonymous with her Kardashian sisters.

It's also a look that Raylin says is the new benchmark for every modern-day porn star.

"Those big, voluptuous, injected lips and false eyelashes – Kylie looks a lot older than she is," says 28-year-old Raylin.

"She'd have a lot of success, she'd be the biggest in the business!"

Kylie's 35-year-old sister Kim made more than \$65 million from selling the rights to her 2006 sex tape with then-boyfriend Ray J.

However, Raylin's worried that Kylie following Kim's lead with Tyga – who insists he's "proud" of his porno past – will have devastating effects.

"Kim had her sex tape, I guess they were all cool with that, so her mum Kris Jenner would probably be down with it if Kylie made one," says Raylin. "But when you're 18 or 19 you don't fully know what you're doing yet."

Raylin, who's starred in more than 300 hardcore movies, says the porn industry can be dangerous.

"People are going to want to take advantage of you. But when it comes to the sex trade, it's more ruthless," she says. "Wannabe porn directors and the amateurs who are skeeving are the ones who are typically going to try and get girls to do things they don't want to do.

"I've heard of girls getting into the business and getting mixed up with the wrong people."

While Raylin insists Tyga – who owns porn site rackcityxxx.com – was "super, super sweet" and professional when they worked together on his first porno, four girls who appeared in the music video for his 2011 track *Make It Nasty* tell a very different story.

All four dancers filed complaints against Tyga and his entourage, alleging they were tricked into baring their breasts during the raunchy shoot.

One girl, Allison Brown, also claimed she was plied with alcohol and

groped by an extra.

The case – in which she also alleged sexual battery, fraud and more – was settled out of court for around \$50,000.

Yet Allison says Tyga has so far only paid her half of that.

But if the rapper masterminds his own Kardashian sex tape with Kylie, he could be a multi-millionaire overnight.

Let's hope Kylie sticks to Snapchat vids! ■

Tyga watches on in his flick *Rack City XXX*.

The porn star tells all!

While Raylin reckons Tyga didn't actually get down and dirty with any of the porn stars during filming of his hardcore movie *Rack City XXX*, he was keen to show off his acting chops by taking on a cameo role!

Not that Tyga's part – thankfully for Kylie – is exactly memorable!

Raylin appears alongside Tyga in both of her scenes. In one, he wakes up in bed next to her and leaves the room before another male actor comes in and the scene starts. In the other, Raylin says Tyga is seen "walking around his house in a daze and all these porn scenes are happening around him. He looks in the mirror and in the reflection he sees me and Daisy making out in the hot tub". Deep!

Unfortunately for Kylie, her man's got a knack for making successful smut, because his debut scored three nominations at the Adult Video News awards! And Raylin reckons never say never when it comes to him doing a second, adding that Tyga "still has contacts in porn" that he's determined to exploit. Yikes!

Cheat's guide to all the

1 WHAT'S THE SKINNY ON MILEY?

Nice rack – of ribs! We're pretty much immune to Miley Cyrus's naked romps by now, but she still managed to shock us with this snap showcasing her skeletal figure.

The singer flashed her bits in an Instagram pic last week to promote her interview with V magazine, but our eyes went straight to her jutting ribs and collarbones!

Meanwhile, fans are speculating that her shrinking frame could be due to her addiction to juice cleanses.

"She looks sooo sick," one follower commented on a pic of Miley, 22, enjoying a yet another green juice, while a second begged her to stop losing weight.

Throw in a bizarre pic of her dressed as a baby sucking a bottle, while sitting on her mum Tish's lap, and we reckon it might be time old Miley checked herself in for a bit of R&R.

Just being Miley!

"BB wants her mama to give her baba," Miley captioned this bizarre pic.

2 HAS TAYLOR FINALLY FORGIVEN JAKE?

Taylor Swift has put her bad blood with Jake Gyllenhaal behind her after he secretly called her to say he's sorry!

An insider tells *Star* mag that the 34-year-old actor – who dated Tay for three months in 2010 – asked her pal Cara Delevingne for her new digits back in June, explaining he wanted to apologise for the way he dumped her.

"Taylor really appreciated that Jake reached out after all these years. They've kept in touch," the source says, before adding that Jake hinted he wanted a second shot.

Given the 25-year-old's relationship with current DJ beau Calvin Harris is reportedly rocky, he might be in with a chance!

Making amends

Jake apologised for dumping Tay over phone on New Year's Eve in 2010.

It's hard to argue felony theft charges when your crime's caught on camera!

3 DID DRUGS MAKE JAX A THIEF?

Apparently so! Talking to US magazine *Star* about his July 17 arrest for shoplifting in Hawaii, the 36-year-old *Vanderpump Rules* star says he intended to pay for the \$420 sunnies, but booze and other substances made him forget.

"I was on a lot of things I shouldn't have been... alcohol was just one of them. The lesson learned is you shouldn't steal," he tried to explain. "You'll see it all on our show this season."

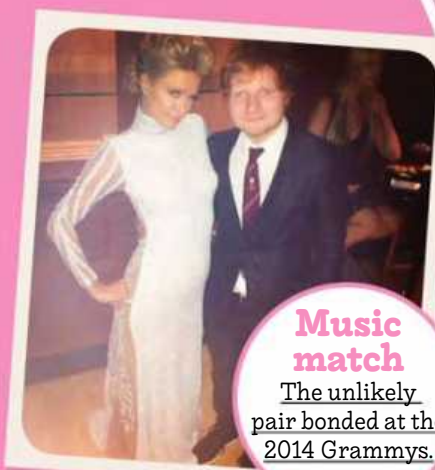

4 ARE ED AND PARIS THE MOST RANDOM MATCH?

Yes, but not in that way! While Ed Sheeran and Paris Hilton haven't hooked up – yet! – the socialite wants to record a duet with the ginger crooner.

"I am blown away by his lyrics and music," she told *The Sun*. "He is an incredible talent and I would love to work with Ed."

The 34-year-old has gushed over the Brit before, tweeting, "Such a nice guy," after meeting him at the Grammys last year.

But with Ed, 24, taking a hiatus at the end of 2015, she better drag him to the studio ASAP!

Just what does expensive French cheesecake taste like? 'Heaven,' according to Kim!

5 HOW FAR WILL KIM GO FOR CAKE?

Roughly 9085km, or the distance from LA to Paris!

In a new podcast with *Vogue* magazine, the heavily pregnant reality star admits she once flew all the way to the French capital just so she could tuck into her favourite cheesecake.

"I flew in, maybe, like, a couple months ago, just to have a last hurrah of all the food that I'm not going to be able to have for a while," the 35-year-old confesses.

Kim also reveals she's already gained 23.5kg with over a month still to go, and that her son feels like a "really heavy pineapple!"

"North was just four pounds [1.8kg], so this is new to me," she writes on her website.

"This baby is already seven pounds [3.1kg]."

Also suffering from swollen feet – she's having to ditch her heels! – and anxiety over her weight gain, we totes think Kim deserves her dessert!

This week's **BIG** QUESTIONS

Cheat's guide to all the goss!

Uh-oh!

Ireland's down and out in New York on October 18

Bridal beauty

Whit debuted her stunning Ashi Studio gown in *Us Weekly*.

7 DOES IRELAND NEED TO GO BACK TO REHAB?

Maybe! Ireland Baldwin, 20, certainly looked worse for wear as she left the *Fallout 4* video game launch party in LA recently, prompting fears the budding model has fallen off the wagon.

Back in April, the troubled daughter of Alec Baldwin and Kim Basinger spent three weeks at Malibu's SOBA Recovery Center – which specialises in treatment for drug and alcohol addiction – for “emotional trauma”.

What's more, the latest incident comes just weeks after she was spotted lying on a New York footpath with a mystery guy.

Hmm... Let's hope Ireland's old demons haven't returned!

6 DID LC GO TO WHITNEY'S WEDDING?

After tying the knot with her beau Tim Rosenman in Palm Springs, California, Whitney Port was all too happy to spill the deets on her fashion-forward

Ashi Studio couture gown – which was inspired by vintage chandeliers from Venice and Florence. But she's remained tight-lipped about that guest list – including whether her former *The Hills* bestie Lauren Conrad showed up and if any of her other *Hills* pals even got an invite!

Still, the 30-year-old bride had a magical time nonetheless.

“I felt like I was floating. It was by far the best moment of the night,” she tells *Us Weekly* magazine of hearing Tim say his vows. Aww!

8 IS ARIANA TURNING INTO AN EVEN BIGGER DIVA?

Ariana Grande seems to give zero f***s when it comes to keeping her fans happy! The 22-year-old singer was due to perform on *The Jonathan Ross Show* in London to promote her new single *Focus*, but ditched her date with the Brit presenter at the last minute.

“She was booked but the lazy little f***er has not come,” the peeved host told his audience of her no-show. “I apologise to anyone who might have come along hoping to see her.”

Ari's got some explaining to do!

9 ARE KALEY & JOHNNY BACK ON?

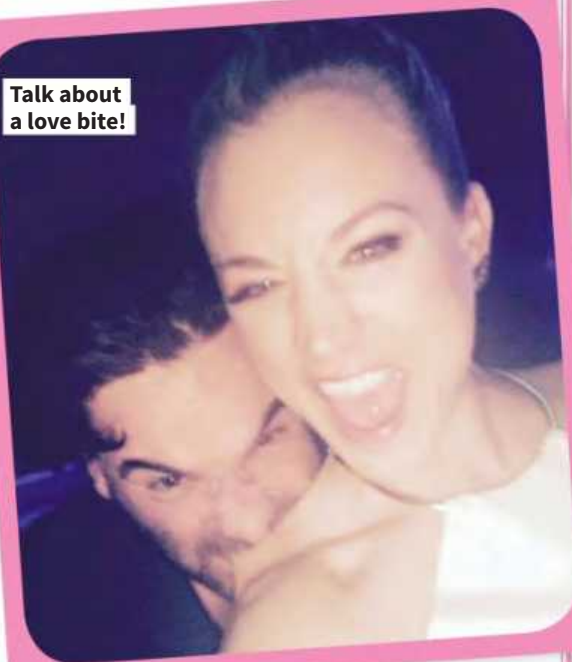

She shot down romance rumours just last month, but Kaley Cuoco, 29, and Johnny Galecki can't seem to keep their hands – or mouths – off each other!

The *Big Bang Theory* co-stars – who secretly dated from 2007 to 2009 – attended the *Fallout 4* launch party in LA together, with 40-year-old Johnny taking to Instagram to show off his hot date.

"Hilarious night out in the LA arts district," he captioned the pic of him playfully nipping the newly single actress on her shoulder.

Watch this space!

Talk about a love bite!

Messy missy

Pals had to help Ireland from the LA video game launch on November 5.

10 IS NORTH A SOCIAL MEDIA GENIUS?

Scratch that – if Kim Kardashian's latest claim is true, her daughter North West is a future Mensa prodigy!

According to the reality star, while playing games on Mum's phone, two-year-old Nori managed to select a rather flattering bikini pic of Kim and post it on Instagram.

"Not sure why or how she chose it but I'm not complaining!" Kim, 35, wrote. Ha, pull the other one, Kimmy!

TOO M TOO F

The image-conscious Kardashian is risking his life to lose weight

He's been pulling out all the stops to shed the kilos for his megabucks body reveal.

But as Rob Kardashian gears up to debut his new slimmed-down rig, we can reveal he's taking his weight-loss obsession to life-threatening extremes!

As an *E! News* source explains, "[Rob's] regimen involves more than just cardio and weights" – and they're not wrong!

Just weeks after it was claimed the reclusive star had gastric bypass surgery to help shed some of the 45kg he's packed on, we hear Rob collapsed as a result of his OTT diet and workout plan!

"He's barely eating, he's dehydrated all the time, he gets palpitations and it's putting a lot of stress on his heart," reveals our Kardashian insider.

"He collapsed last week from sheer exhaustion."

And despite talk he's already lost as much as 30kg, troubled Rob, 28, is still skipping meals.

Friends say his plan is to do starvation diets, starting with the Master Cleanse, which involves living on lemon water with cayenne pepper and syrup.

KRIS JENNER SPEAKS OUT

"He's working on himself a little bit and trying to be a better Rob," Kris says of her troubled son. "I just have to trust that he's good. We're all here to support him for whatever he needs."

To the extreme

Rob's obsessed with pushing his body to the limit and is training with his sibs.

Rob

I'm at a point in my life where for the first time, running is purely and solely my own choice. I've been running for a team for over one-third of my life and now I'm just running for myself.

MUCH, FAST?

And while Rob's already been on it for 10 days, he wants to stay on it for as long as he can – something British obesity and nutrition expert Professor John Garrow says could be fatal.

"The heart of someone who is starving is eventually reduced to a stage at which it can no longer perform what it's there for – pumping blood around the body," he explains.

Scarily, Rob doesn't care how much suffering he has to endure.

"He's already getting horrible headaches and dizzy spells. It's destructive for his health but all Rob cares about is not being fat anymore," adds the insider.

Adding to his woes, Rob's contractually obliged to make his big reveal on *Keeping Up With The Kardashians* – even though he resents being part of the family circus and hates what he believes his mum has done to "exploit" close friend Lamar Odom's recent drug overdose.

"He's not getting paid if he doesn't film," a production source confirms to *Us Weekly*. "Rob has a \$2 million-a-year contract. He realised he couldn't give up this huge opportunity."

But there's hope on the horizon – in the form of Kanye West!

"It's Kanye working his magic," says another source. "He's been a great motivator. He told Rob how he got into shape after his [2002] car accident and at a time when he was down in his life."

If Kanye can do it the healthy way, so can you, Rob! ■

KHLOE'S KONTOURING KRISIS

Khloe Kardashian rarely steps out looking anything less than perfect, so her make-up fail last week at an LA signing for her book *Strong Looks Better Naked* had fans doing a double take!

Her overly contoured shnoz and plumped-up pout had onlookers thinking it was time to step away from the cosmetics counter – stat!

"It was unfortunate, because Khloe usually looks flawless, however she totally overdid the make-up this time. So much so, it barely even looked like her," says a witness.

The 31-year-old's larger lips and fuller, frozen-looking face even had onlookers wondering whether she'd gone a little nuts on the fillers and Botox ahead of her mum's epic birthday bash!

Not that she'd ever admit to it, recently insisting, "I don't need work on my face just yet because I have an amazing make-up team. Their contour game is so on-point that I feel like I get a nose job every single day!" Sign us up!

KHLOE... OR STIFLER'S MUM?

LOOK-ALIKE ALERT

"Khloe didn't look anything like herself," giggles one book-signing attendee. "In fact, she looked more like Stifler's mum from *American Pie*!"

Brooklyn gives his mum a hug

Winners are grinners at the November 9 ceremony

Hey Posh, WHO'S YOUR HOT DATE?

Aspiring model Brooklyn melts hearts at his official presenting debut

While David might have been a no-show at the *Glamour* Woman Of The Year Awards in New York, Victoria Beckham had her son Brooklyn to pick up the slack.

The 16-year-old not only chaperoned Posh, 41, but presented her with a gong for her fashion and charity work.

"We're all so proud of you, and I'm so excited to be with you tonight to present you with this award. I love you," he said.

Naww! The usually straight-faced fashionista even cracked a smile as her other kids offered their congrats in a video message.

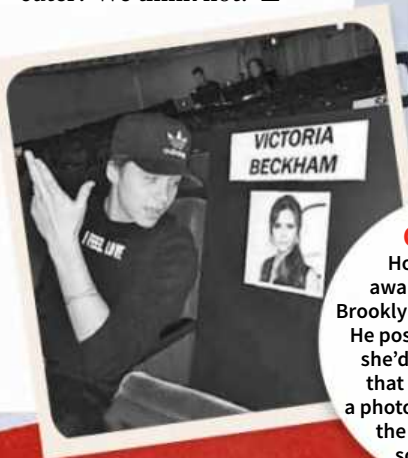

Beaming from ear to ear, middle son Romeo, 13, commended his mum, saying "You definitely deserve this award," while 10-year old

Cruz chimed in with "You're my mummy of the year. Not just this year but every year!"

But the real tear jerker came when darling daughter Harper, four, melted a million hearts, adding, "I love you, Mummy."

Our heartstrings! Bringing up the rear, David, 40, later gushed on Instagram, "Congratulations to the most amazing mother for the Woman of the Year award... Truly well deserved."

Could this family be any cuter? We think not! ■

GO MUM!

Hours before the awards bash, cheeky Brooklyn poked fun at Posh. He posed next to the seat she'd be sitting in later that night and posted a photo on Instagram with the caption, "Why u so quiet mum."

CAITLYN ON TOP

It wasn't just Posh earning accolades. Caitlyn Jenner, 66, said her transgender journey was the reason "why God put me on this earth" as she accepted the Transgender Champion award. Daughter Kylie, 18, said nothing could "stop me from supporting the ones I love".

Lily-Rose looks like the cat that got the cream, with Ash in Paris on October 31

The loved-up teen can't keep her hands off the hot rebel

Lily-Rose A MUM AT

...and her dad
Johnny is furious
– with good reason!

Just like any other dad, Johnny Depp has done everything he can to protect his teenage daughter Lily-Rose from the big bad world.

So it's no surprise he's flipping his lid over 16-year-old Lily's new bad-boy beau Ash Stymest, who's eight years her senior!

On top of the age gap, model Ash also has a three-year-old daughter, Summer, with his ex-wife Maille Doyle, meaning Lily could become a stepmum before she's allowed to quaff her first legal drink!

No wonder Johnny's losing his shiz!

"I'm quite worried," admits the actor, 51. "I wasn't expecting all this to happen to Lily-Rose, especially not at this age."

But it looks like the *Pirates Of The Caribbean* star's got

another thing coming if he's hoping they'll split, given his headstrong daughter is head-over-heels with her new beau.

Indeed, Lily – who came out as sexually fluid earlier this year – and Ash couldn't keep their hands off each other during a recent outing in Paris.

"He's got bad news written all over him as far as Johnny's concerned," a family insider tells NW. "The fact Ash's got an ex-wife and kid he's left behind in the UK somewhere, and he's only 24, is freaking Johnny out."

Adding to Johnny's worries, heavily tattooed Ash is a serial modeliser and rolls with a wild crowd. He's a regular on London's hedonistic rock scene and even partied with Amy Winehouse before her alcohol-related death in 2011.

**SHE'S
GROWN
UP FAST!**

It seems like only yesterday that Lily was a cute three-year-old out in LA with parents Johnny and Vanessa, and brother Jack, six months, back in 2002. Bet Johnny wishes he could turn back time!

Lily-Rose is loving her bad-boy phase!

Johnny hates his daughter's bae!

"Johnny's demanded assurances from Lily-Rose's mum [Vanessa Paradis] that everything is above board," adds the insider. "After all, she's little more than a kid."

And given his own chequered past, it's no wonder Johnny's got Ash's card marked.

"Johnny's got no doubt about what Ash used to get up to, and seeing Lily-Rose all over this skinny tattooed guy, grinning from ear to ear, has freaked him out," says our source.

"His protective papa bear has come out roaring!" ■

Who is Ash?

Male model Ash is a familiar face on London's boozy rock scene, and in 2010 he was spotted leaving the notorious Hawley Arms pub with Amy Winehouse. He also has a three-year-old daughter with his ex-wife.

It seems Bella's out for more than The Weeknd!

Did Bella CHEAT ON THE WEEKND?

Matt Morton

It sounds like sizzling supermodel Bella Hadid is taking a break from her six-month romance with The Weeknd, 25, with whispers she's reconnected with her former flame Matthew Morton on the sly!

Not only did the 19-year-old model – who was mysteriously absent from the Victoria's Secret Fashion Show, where her boyfriend was performing and her sister walking – invite Hard Rock Cafe heir Matt to her birthday bash in October, but the pair have reportedly been meeting up for months.

"They run in the same circles," a source confirms to US gossip source *Page Six*.

In fact, insiders reckon Bella has been cheating on the Weeknd – real name Abel Tesfay – the whole time!

"Before Bella and Abel got together, she was sleeping with Matthew... And they never stopped," a source close to Bella tells US magazine *Star*.

"Abel's a great guy. Nobody understands why she would want to ruin a good thing, but she has shame in her game."

THE VENUE

Event planner to the stars Mindy Weiss spared no expense on the \$2.8 million bash, decorating The Lot Studios in West Hollywood in *The Great Gatsby*-inspired décor. The room dripped with diamonds, crystal chandeliers and extravagant orchid arrangements, while hundreds of white balloons covered the ceiling. Amaze!

2

THE KOUTURE

Kris and her girls – Kendall, Kylie, Kim, Kourtney and Khloe – were totally on point in their Roaring '20s couture cozzies. From Kenny's blonde waves to Kourt's androgynous tux and KoKo's Rihanna-esque gown and headpiece, the klan took the theme to the next level.

THAT VIDEO

The girls surprised Kris with a toe-curling remake of her viral music video *I Love My Friends* – which she made when she turned 30 – featuring Justin Bieber, Valentino, Katy Perry and her grandkids Mason, Penelope, North and Reign. It's the thought that counts, right?

7

CAIT'S BIRTHDAY SUIT!

Kris's ex-hubby Caitlyn Jenner stole the show with her naked cameo, which was screened as part of the family tribute video. With bubbles protecting her modesty, the 66-year-old – who was unable to attend the party – totally upstaged the birthday girl!

THE KAKE

The showstopper of the night was Kris's four-tiered, gold-trimmed, art-deco chocolate cake. The matriarch posted a pic of the masterpiece on Instagram, captioning it "Happy Birthday to me."

5

THE KROWD

Talk about an A-List affair! John Legend and Chrissy Teigen, Will Smith and Jada Pinkett Smith, Melanie Griffith, Lisa Rinna, Kyle Richards, Ryan Seacrest, Spice Girl Mel B, Riccardo Tisci and Olivier Rousteing all scored invites to the star-studded soiree. But feathers were ruffled when many of her old, less famous friends didn't land a golden ticket...

THE MOMENT KANYE FORGOT HIS OWN LYRICS

Kanye West took to the stage to serenade his mother-in-law – but he couldn't remember the lyrics to his song *See Me Now!* In an attempt to cover his boob, he ended up rapping 50 Cent's *In Da Club* before leading partygoers in a rendition of Stevie Wonder's *Happy Birthday*. Nice save, Yeezy.

During her toast, Kim presented the hard-working mumager with her very own mini Emmy, telling her, "The show was your idea... We may not have an Emmy now but we will someday."

HER GRAND ENTRANCE... AND EXIT!

Looking stunning in a white gown and 1920s-style bob, Kris arrived at her bash in style in a vintage Rolls-Royce. Flash-forward a few hours and the guest of honour was snapped passed out in the back of her ride. Attagirl! Looks like it was a night to remember – well, if she could!

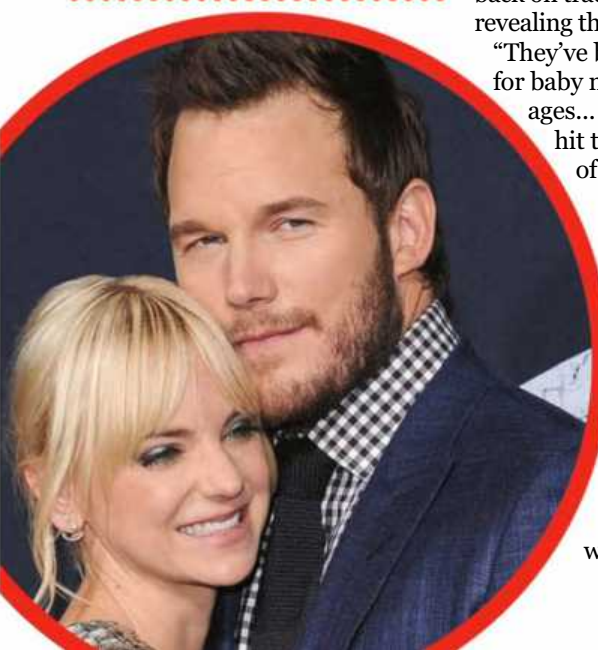

LEAVING

Chris & Anna BABY JOY at la

Um, what split?!
Hollywood's cutest
couple have news
of the happy variety!

Our hearts all but broke when we heard that Chris Pratt and Anna Faris were on the verge of splitting up. But it looks like our favourite Hollywood couple are back on track, with insiders revealing they're expecting!

"They've been actively trying for baby number two for ages... they feel like they've hit the jackpot!" a friend of the couple tells NW.

Tellingly, the picture-perfect pair couldn't have looked happier as they cuddled during a recent family outing in Atlanta, Georgia.

"He kept touching her belly – it was so sweet," says an onlooker, who noted no sign of

tension. "If anything, they were acting more like newlyweds."

In town while Chris films the science-fiction flick *Passengers* with Jennifer Lawrence, the proud parents even managed to sneak in some PDA while doting over their three-year-old son Jack. Too cute!

It's no secret that the clucky duo have been eager to expand their brood, with the actress revealing in 2013, "We've always envisioned a zoo."

But trying to grow a family isn't always an easy task, so it's hardly surprising that the usually peaceful pair are said to have been butting heads lately.

Given that she's 38 and suffered complications with Jack, Anna was starting to fear she'd missed the boat with having another child.

"I wish we didn't have this biological clock," the actress fretted in the April issue of US

magazine *Health*. "I'm thinking we have to start talking about it, looking at all kinds of options."

But now Anna's dream of giving Jack a sibling looks to be a reality, it's time for the gorgeous couple to celebrate.

Still, with Jack arriving nine weeks early back in August 2012, the actress is going to have to take things easy this time around.

"[It will] definitely be a whole new complication because now I'm, like, a high-risk pregnancy, so it requires some different monitoring," she explains.

"My doctor's like, 'I don't think you'll have to be on bed rest the *whole* time.'"

Not to worry. We're sure her doting hubby Chris – who reckons none of his achievements as an actor "mean anything compared to being someone's daddy" – will be more than happy to wait on his gorgeous wife around the clock! ■

Hot 2012 NOT

What was Hollywood thinking this week?

NOT

Chloe Sevigny

You can always count on quirky Chloe to take avant-garde to the red carpet. But somewhere in the world a derelict 1970s resort is missing a big slab of its wallpaper. Judging by Chloe's smile, she's in on the joke, too.

NOT

Diane Kruger

Sure, her hottie beau Joshua Jackson used to be on *Dawson's Creek*, but Diane's heading up it without a paddle in this Monique Lhuillier number. Pantsuit? Half a gown? Who really knows...

NOT

January Jones

Is Jan planning a food fight and requires pants that can be easily hosed down? Did she leave her dress lying too close to the paper shredder? Her Lela Rose ensemble raises so many questions.

NOT

Miley Cyrus

While this is the most material we've seen on Miley since the 2014 US polar vortex, we're not sold. Unless, of course, she's made the outfit herself to star as a mermaid in a small-town parade. And those clip-on dreads? Ugh.

NOT

Dakota Johnson

We saw plenty of flesh from Dakota in *50 Shades Of Grey*, but this frock is more 50 splashes of mustard and displays none of her bangin' bod. Well, at least she's already wearing a nightie for when bed time rolls around...

NOT

Ireland Baldwin

The star may be attending the launch of hotly anticipated video game *Fallout 4*, but it looks like she's the one at risk of falling out in this flimsy number. This frock is taking cutouts to the extreme... And not in a good way!

Who wore it perfecter?

Fringe dwellers

Having adorned almost every piece of clothing under the sun, the humble tassel's moved on to denim shorts. Jamie Chung (left) perfects the casual look with a cool denim shirt, while Alessandra Ambrosio (right) has so much going on with that embroidered top that it takes away from the fringed statement piece.

27%

Perfecter!

73%

Spot on

The jumpsuit is back in a big way this season and, as Victoria Justice (left) and Kate Upton prove, it's a versatile piece.

While we like Vic's cinched waist, swimsuit babe Kate wins – just – letting her curves do the outfit justice and pairing those pumps with a matching grey clutch.

42%

Perfecter!

58%

Feeling kinda punk

There's no shortage of A-listers rocking retro band shirts right now, but it's pretty adorbs that Kanye West (left) and wife Kim Kardashian are sharing the same Ramones top from the band's 1992 tour. Can they name any tunes? Does it even matter? Kimmy wins this punk play-off hands down.

Hot or NOT

NOT

Salma Hayek

It's kinda fitting that Salma's rocking bubblegum pink – because those puppies look ready to pop! Sadly, this Gucci gown just makes the gorgeous star look like she's trying to make Maid Marion Barbie a thing.

NOT

Bai Ling

To be fair, it's been about two centuries since Bai made the hot list for her style choices, so it's no surprise to find her again on the wrong side of the fashion fold. While she's wearing more material than usual, this still looks like a school art project gone terribly wrong.

NOT

Lana Del Rey

Lana's set to be named a Trailblazer at Billboard's Women In Music event next month. What a shame she's anything but on the red carpet, rocking a billowy, curve-swamping number that even an op shop would reject.

NOT

Demi Lovato

Never afraid to show a bit of skin on her single and album covers, Demi's giving demure mode a go. But if her thick-knit Miu Miu skirt and high-neck blouse tell us anything, it's that conservative couture isn't for her. And let's not mention those velvet platform peep-toes. Ever.

False Lashes 101

Your essential guide to getting it right

If you've always wanted to try fake lashes but never been brave enough, this is your chance. Here, we break it down, step by step, with celebrity make-up artist Helen Dowsley's simple guide to applying a strip lash. She's been responsible for the lovely lashes on *The Bachelorette*'s Sam Frost, so keep Helen's tips handy and try this trend on your next night out.

1 Apply your make-up, including eyeliner and mascara, before measuring the strip lash against your lashline. Cut to size. If you only want lashes to sweep out at the edges, cut the lash in half and apply to the outer corners of each eye.

2 Hold the end of your strip lash, guide glue along the band of the lash and wait for the glue to become tacky. This can take about 15 seconds. Go for a dark-coloured false-lash glue, as it'll be less obvious if you mess up.

3 Look in the mirror and tilt your forehead away to extend your eyelid – this makes falsies easier to apply. Using tweezers to hold the fake lash, slide the strip up to where your lash begins. Don't apply lash to skin as that will cause a gap.

4 Using your fingers or tweezers, pinch your false and real lashes together so they blend. Apply one more coat of mascara to finish.

HOW JESS *bounced back* AFTER BABY!

Follow her tips to sculpt a post-baby body that's more banging than ever

Getting back to pre-baby tone and strength can be a struggle for even the sveltest of *senoritas*. Just ask Jessica Biel, who's working hard by *climbing* her way back to fitness!

And by the look of things, gorgeous Jess has managed it – and here's how!

A fan of yoga, hiking and weight training before and after having son Silas, Jessica toned up with the latest Hollywood fitness craze – indoor climbing.

These full-body sweat sessions target those little muscles you didn't even know you had and, as a bonus, it's fun. Well, unless you suffer from a fear of heights!

When it comes to whittling her waist, Jess follows the Paleo diet, which focuses on fresh fish, lean meat,

**Look

Indoor climbing and a back-to-basics plan toned the new mum in seven months.

vegetables and healthy fats. On top of that, she goes back to basics.

"For me, getting enough sleep, drinking lots of water, having a healthy diet and staying away from alcohol are musts," Jess says.

"It's so boring, I know, but doing those things really helps."

Jess's climb to fitness

Jessica works out two or three times a week at her trainer Jason Walsh's Rise Nation facility in West Hollywood. There she does high-intensity workouts on a VersaClimber machine, which burn a whopping 3000kJ in a modest 30-minute session!

But as a new mum Jess – who says she's "a big advocate of recreational sports" like hiking and cycling – isn't pushing herself, instead working on slowly getting back into her exercise regimen. "She can't really lose everything [weight-wise] because she's breastfeeding. It's going to take a while," Jason explains. "We can do enough to progress and get back into it." Slow and steady wins this race!

Kourtney's brand-new bod

Since having son Reign, her third child, almost a year ago, Kourtney Kardashian's lost an incredible 20kg due to clean eating and plenty of exercise.

In the past few months she's also amped up her fitness regimen and recently revealed that exercising really helps her emotionally, captioning a gym selfie, "Working out is one of the only things that helps when I'm feeling anxious."

Kourt loves the outdoors, especially with her mummy friends, and her Instagram is packed with snaps of her hiking and trying out new fads, such as cycling underwater or glow-in-the-dark golf.

She also works out three to five times a week doing Don-A-Matrix, a cross-training technique that uses resistance bands.

"[It] just leans you down and slims you up and takes that little layer of fat and water weight right off your body," Jess says of going Paleo. She uses a farm-to-table food delivery service that provides her with three healthy meals and snacks a day. Because, let's face it, being a new mum sure does eat up time!

Young Hails may have the world at her pretty feet right now but the stars suggest she'll need to work extra hard for the wins this week.

YOUR Stars

The week ahead with **Adele Lang**

Scorpio OCT 24 – NOV 22

Immense solar energy should help to swell your coffers – but you'll have to work hard for it. This isn't going to be one of those lucky weeks where making extra cash proves a complete breeze. Still, if a money-minded Scorp girl can't rise to the occasion, then nobody can.

Sagittarius NOV 23 – DEC 21

Some domestic decisions are out of your hands. Rather than try to regain control, let it be. Easier said than done, of course, given your natural-born need for determining your own outcomes. Whoever is deciding your fate won't do you wrong – especially if you act like charm personified.

Capricorn DEC 22 – JAN 20

Caps keen on advancing their career should listen to advice from family and friends. While opinions solicited from acquaintances and colleagues have value, they won't be taking into account what's going on after-hours. Those who know you well (and love you) should have the final say.

Aquarius JAN 21 – FEB 19

Venus predicts problems for those unwilling to walk away from pointless arguments with either a housemate or neighbour. Yes, you love a good debate and tend to win most of them. But this week you won't be awarded any prizes for taking on someone who's just spoiling for a fight.

Pisces FEB 20 – MAR 20

So many planets are rushing forward at the moment, it's a wonder you have time to read your NW horoscope! Still, it's a good job you're giving yourself small bouts of rest. Racing about nonstop in a bid to fulfill everyone else's needs and demands isn't good for any Piscean's soul.

Aries MAR 21 – APRIL 20

A trip down memory lane has the power to heal emotional wounds. According to planetary patterns, you need to look back on life before you can move forward. Maybe it's a place or person you're missing. Whatever is making you feel sad and wistful needs to be addressed soon.

Taurus APRIL 21 – MAY 21

With Uranus still retrograde, don't expect miracles at work. Colleagues will continue to be unhelpful and projects will be delayed. Cheer yourself up with the thought that this time next month, things will go your way. Until then, focus on having as much fun as possible after-hours.

Gemini MAY 22 – JUNE 21

Jupiter's influence bodes well for coupled up Twin types. Romantic bonds will be strengthened a great deal. Singletons, however, might have to watch their step this week. You might come across as intense and scare suitors away. Playing it cool is this week's golden rule.

Cancer JUNE 22 – JULY 23

Nobody would blame you if you did a disappearing act from a difficult situation. Nevertheless, astro trends indicate you'll be better off facing a financial or business problem head-on. Bear in mind you have friends and family who'll support you through these testing times.

Leo JULY 24 – AUG 23

Stuck in a dead-end job or romantic rut? This week's lunar activity could inspire dark thoughts as to where your life is headed. To be honest, this is no bad thing. By thinking seriously about what your future holds, you might be forced into taking positive action over the next seven days.

Virgo AUG 24 – SEPT 23

Your health planet Uranus wants you to improve on your diet and increase the amount of exercise you do. This isn't because you'll be struck down with ailments galore. But a fitter body will lead to a clearer mind. And given your future workload, you're going to need to be very focused!

Libra SEPT 24 – OCT 23

This star-gazer urges you to pay more attention to what people do, rather than what they say. A silver-tongued lover or a manipulative boss might talk the talk, but whether or not they follow up on promises remains to be seen. Listen, then watch. If they fail to deliver, take them to task.

The BIG NW turn on

MUSIC

Meghan Trainor

'I finally feel sexy'

The babe says she wasn't
all about that bass after all!

Her hit *All About That Bass* was one of the biggest earworms of 2014. Fact. But as **Meghan Trainor** returns to the spotlight after a throat op for vocal-cord hemorrhaging, she reveals she wasn't as self-assured as her butt-shaking, curve-celebrating song suggests.

"My confidence, I'm still working on every day. Everybody is," she says. "It's terrifying saying to the entire world, 'Hey, I'm a little curvy and I'm in love with it, I'm fine with it,' when I really was not 100 per cent fine with it while writing the song. It was more of a song that I wish I was hearing on the radio to help me with my insecurities."

But Meghan, who'll hit the stage with **Charlie Puth** at Sunday's American Music Awards to perform their hit collab *Marvin Gaye*, feels better about herself these days.

"I feel like a dope businesswoman, but also sexy!" she reveals, adding that she's single because men are scared of her big personality.

"I think they're intimidated!" explains the 21-year-old, who's penning the follow-up to her album *Title* and already has a "good chunk of songs", including one called *Curves*.

Earworm of 2016 sorted!

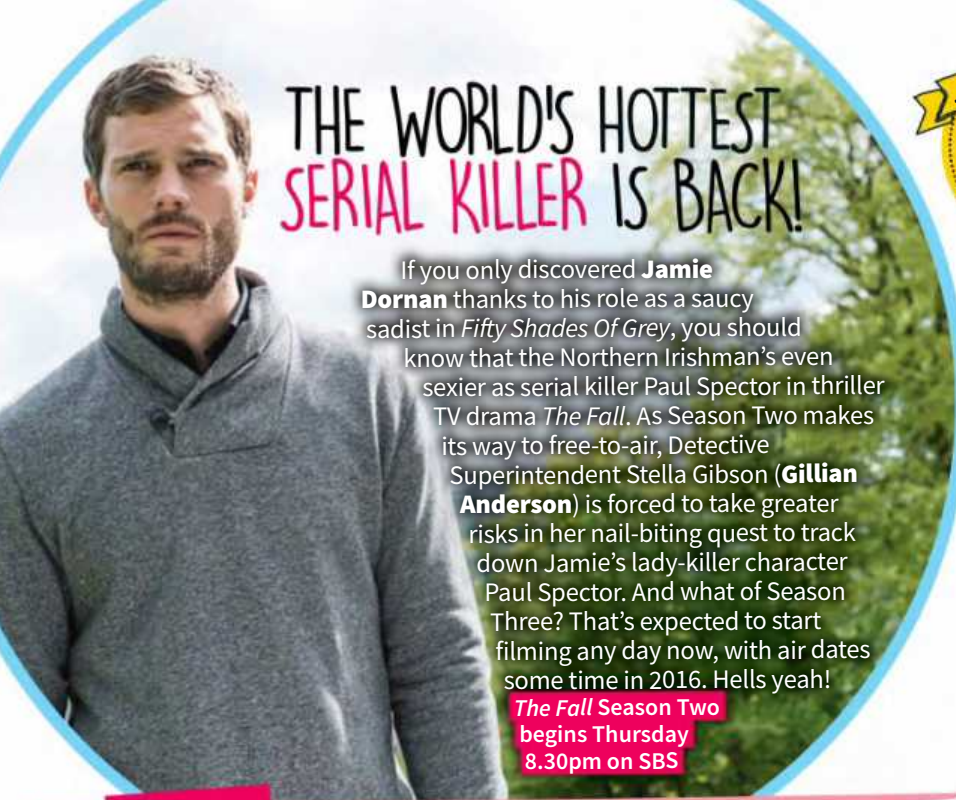

Title Special Edition CD/DVD out Friday

Bonus DVD

The special edition features behind-the-scenes footage and a new vid for her song *Title*.

THE WORLD'S HOTTEST SERIAL KILLER IS BACK!

If you only discovered **Jamie Dornan** thanks to his role as a saucy sadist in *Fifty Shades Of Grey*, you should know that the Northern Irishman's even sexier as serial killer Paul Spector in thriller TV drama *The Fall*. As Season Two makes its way to free-to-air, Detective Superintendent Stella Gibson (**Gillian Anderson**) is forced to take greater risks in her nail-biting quest to track down Jamie's lady-killer character Paul Spector. And what of Season Three? That's expected to start filming any day now, with air dates some time in 2016. Hells yeah!

The Fall Season Two begins Thursday 8.30pm on SBS

Drew goes wild with words!

Drew Barrymore is celebrating turning 40 this year with a collection of autobiographical essays! From making *E.T.* at seven ("[**Stephen Spielberg**] took me in, a girl who needed a father, and it meant the world to me") to going to rehab at 13 and divorcing her parents at 14, no topic is too personal for the candid *Charlie's Angels* star. Musings on her inherent clumsiness will have you giggling while her complex relationship with her late father, actor **John Barrymore**, will have you reaching for the tissues. A must-read for any fan. **Wildflower** is out now

J.Lo's double wammy!

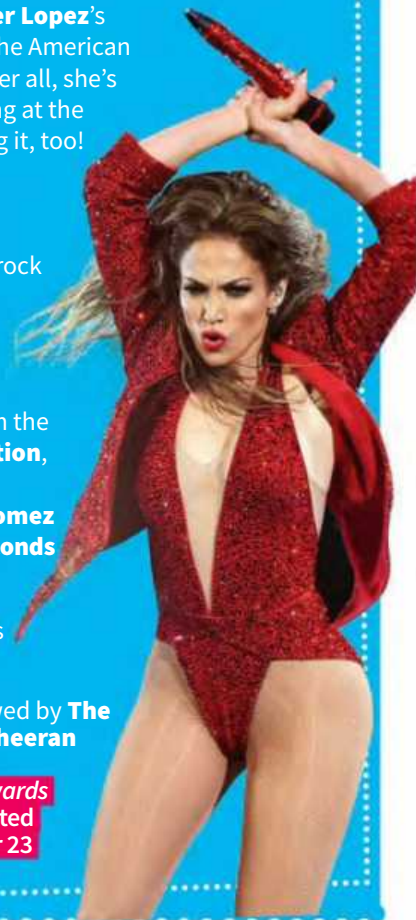

She's known as one of the biggest divas of all time, so we'd naturally love to be a fly on the wall in **Jennifer Lopez's** dressing room at the American Music Awards – after all, she's not only performing at the shindig but hosting it, too!

"Can't wait!" she tweeted ahead of the LA bash.

As if seeing J.Lo rock that booty wasn't exciting enough, the show will also feature stellar performances from the likes of **One Direction**, **Nick Jonas**, **Demi Lovato**, **Selena Gomez** and our own **5 Seconds Of Summer**.

As for the noms, **Taylor Swift** leads the way with six – why aren't we surprised? – followed by **The Weeknd** and **Ed Sheeran** with five each.

American Music Awards live midday, repeated 8.30pm November 23 on FOX8

BRAND: A SECOND COMING

He describes the celeb world inhabited by his ex-wife **Katy Perry** as "vapid, vacuous, plastic, constructed, mindless". But that's not the only thing **Russell Brand** has choice words for in this doco, which charts his shift from bad-boy comic to anarchic activist.

Out now on DVD & Blu-ray

JANE THE VIRGIN

There are so many questions to be answered! Will Jane (**Gina Rodriguez**) get her baby back? What will happen to her relationships with Michael (**Brett Dier**) and Rafael (**Justin Baldoni**)? And what does scheming Petra (**Yael Grobglas**) have planned?

Brad and Ange *'This film nearly broke us'*

Hollywood's royal couple open up about how making a movie together became a relationship nightmare

Love and work

Filming took place during their honeymoon in Malta.

Brad Pitt and Angelina Jolie had tongues wagging from Tinseltown to Timbuktu when they fell in love on the set of their 2005 flick *Mr & Mrs Smith* – while the actor, now 51, was still married to Jennifer Aniston!

Now, 10 years, six kids and a long-awaited wedding later, they're reunited on screen once again for Ange's latest directorial effort *By The Sea*.

"The first film, we had a lot of fun because of the subject matter," Ange, 40, reveals. "This film, it's very, very heavy... It's not really fun." With recent tough times like Ange's preventative double mastectomy added to the mix, playing a couple in a failing marriage while on their real-life honeymoon almost proved too much.

Indeed, the strain appeared to surface during a heated argument

on the balcony of their Sydney hotel last November, just weeks after filming wrapped.

Here, the intensely private couple talk candidly about their passions and struggles – on screen and off...

What was it like making this film together?

Ange The tricky thing is directing myself and directing Brad. It's hard, dramatic material. It's a heavy film and it's not easy for us. But even as you struggle through it, you're in the trenches together and you don't expect it to be easy.

Brad She's decisive, incredibly intuitive, knife-sharp and, might I say, sexy at her post. I trust her with my life.

A There were days during filming last year when we were really worried and it was hard.

Your characters are intense. What was it like on set?

A I'd be directing myself and him in a scene where we're having a fight, and I'd be pulling out the parts [of him] that have an aggression toward me, or when you're frustrated with each other – it was very heavy.

B It's not always a pleasurable place to be, as far as the scenes are concerned.

Do you fight like any husband and wife?

A The sparks fly at home if the nice Brad fails to see when he's wrong and reacts in a defiant way.

Then I can get so angry that I tear his shirt. We have more moments where I say, "I'm going to be a better wife. I'm going to learn to cook." And he says, "Oh, honey, know what you're good at." But I do like a "No, no, no, I'm going to get this wife thing down." He knows my limitations and where I'm a good wife and a good mum.

'BEING MARRIED MEANS I CAN BREAK WIND IN BED'

Make or break

Set in the 1970s, *By The Sea* sees a troubled couple battle to save their marriage.

So what rules do you have to keep it a happy marriage?

A I doubt that fidelity is absolutely essential for a relationship. It's worse to leave your partner and talk badly about him afterwards.

B There are no secrets at our house. We tell the kids, "Mum and Dad are going off to kiss." They go, "Eww, gross!" But we demand it... Being married means I can break wind in bed.

Given your at-times rough ride, at what point did you realise you were going to be together forever?

A For me, the big moment was when we signed the [joint adoption] papers for Maddox and Zahara. That was a decision to parent together, to commit to being a part of each other's lives for the rest of my life.

B Yes. One of the best things I've done is ensure my kids have a good mother. Angie is a force – she cares deeply.

Brad, you must be so proud of how brave Angie's been recently.

B There was no vanity to my wife's approach. It was mature. "This is our life and we're gonna make the best of it." There's a strength in that. It was another one of those things in life that makes you tighter, and she was doing it for the kids and she was doing it for the family.

A I knew through the surgeries that Brad was on my side and that this wasn't something where I was gonna feel less of a woman, because my husband wasn't gonna let that happen.

Are you worried about how the film will be received?

A I know some people are going to hate it. Some are going to like it, but it was important to me to feel like an artist again. We're proud of ourselves for being brave enough to try it.

By The Sea in cinemas Nov 26

WHEN COUPLES COLLAB

By The Sea's been slammed by critics – will Brange fare better than these duos?

JENNIFER LOPEZ AND BEN AFFLECK FLOP FACTOR ★★★★★

The project Their flick, 2003's *Gigli*, was one of the biggest fails ever!

The fall-out Oh Bennifer! *Gigli* was so bad it almost ruined both Jen and Ben's careers! They split the following year after being engaged for two years.

NICOLE KIDMAN AND TOM CRUISE FLOP FACTOR ★★★★★

The project They met on the set of *Days Of Thunder* and made *Far And Away* together, but Stanley Kubrick's 1999 flick *Eyes Wide Shut* was a real labour of love for Tom and Nic – it took 400 days to shoot!

The fall-out The film was hot, audience reaction was warm, but their 10-year marriage went cold in 2001.

KATY PERRY AND JOHN MAYER FLOP FACTOR ★★★★★

The project Katy featured on John's 2013 song *Who You Love*.

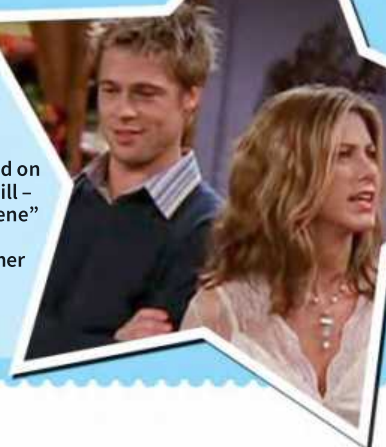

The fall-out The on-off couple split shortly after the song was released in early 2014, but rumour has it they're back on.

BRAD PITT AND JENNIFER ANISTON FLOP FACTOR ★★★★★

The project In 2001, Brad appeared on *Friends* as Jen/Rachel's nemesis Will – who started an "I Hate Rachel Greene" club in high school with Ross.

The fall-out They loathed each other on the show, but it was all rosy in real life. Um, until he met Ange on the set of *Mr & Mrs Smith* in 2004.

RHOBH IS BACK!

And it looks set to be the most explosive season ever!

Bitching? Tick. Backstabbing? Tick. Glamour? Tick, tick, tick! Yep, we're bouncing off the walls about Season Six of *The Real Housewives Of Beverly Hills*, which sees old faves Lisa Vanderpump, Kyle Richards, Yolanda Foster, Lisa Rinna and Eileen Davidson welcome feisty newbies Kathryn Edwards and Erika Jayne.

And the ladies had better watch out, because Lisa R's long-time friend Kathryn isn't afraid to tell it like it is!

"Don't act like you know me when you don't," she's seen barking in the new trailer.

Meanwhile, Erika's another larger-than-life character, stripping off in the promo and accusing Lisa R of trashing her pal Yolanda, ranting, "You were saying sh*t about her!"

But keep the tissues handy – there'll be tears when Lyme disease sufferer Yolanda discusses her will with daughters Gigi and Bella Hadid.

Hold on tight – it's going to be one helluva rollercoaster ride!

RHOBH Season Six premieres 8.30pm Dec 2 on Arena

Kim Richards and Brandi Glanville, who go from cast regulars to special guests, were seen filming with Yolanda last week.

Yolanda's fears

"Oh my God, what if I die?" she weeps to her girls Gigi and Bella.

Sam & Snez 'Sarah for Bachelorette!'

Sam Wood and Snezana Markoski might be besotted with each other, but that doesn't mean they've forgotten about Sarah Mackay, who was Sam's number three on the latest season of *The Bachelor*.

Speaking to NW, the loved-up pair revealed they'd love to see the blonde events manager front *The Bachelorette* next year.

"We bumped into Sarah the other night in Melbourne. Sarah would be great as the Bachelorette," says Sam, urging the jilted hottie to follow in Sammy

Frost's footsteps.

"She'd be great," Snez agrees.

Sarah's got Sam and Snez's vote!

JAX BOASTS

'I bedded Lilo... & it was great!'

Vanderpump Rules star Jax Taylor is infamous for his playboy ways, but we didn't know that extended to shagging Lindsay Lohan!

"It was just once and it was bad – no, it was good! The situation was just..."

No, she was great," Jax told *Watch What Happens Live* host Andy Cohen.

When asked why she was so "great", he replied, "She was just very affectionate."

That's one word for it!

BRANDI snaps!

Ask an honest question, get an honest answer from NW's straight-shooting agony aunt Brandi Glanville!

Hi Brandi, My fiancé and I had a terrible drunk fight recently and I ended up pushing him so hard that he fell backwards! He landed on the bed, so he was OK but we were both kind of shocked by my rage. We were fighting because I thought he'd been flirting with a girl at a bar we were at with friends. Even my friends thought he was being flirty. Do you think I need help? I feel like I crossed the line. Sam, NSW

"First things first – if you're drinking and remember it, then you're not drinking enough. If you're really in a blackout, then you won't remember anything and that's why we all need a good blackout. That said, if you're feeling that this might be the beginning of something demonic, then you should talk to a professional. Pushing your man over isn't a good look."

Hi Brandi, There's this new guy at work and he totally stinks! I don't know how he got away with smelling like this for so long, but it's making me not want to go into work. Other people have been talking about it, too. I don't want to be unkind, but at the same time he needs to know! Is it my place to tell him? I was thinking about putting an anonymous note on his desk, would that be kinder than an email or telling him to his face? Katie, Vic

"Yuck, there is no excuse for that and he probably smells because no-one has ever had the guts to tell him. Put some deodorant on his desk with a note that says, 'Use me. You stink!' If that doesn't work, then tell your boss that something needs to be done, because you can't give your best holding your nose and gagging all day. Don't worry – you'll be doing him and everyone else a favour."

Ask Brandi anything... Yes, ANYTHING!

Geordie Shore's Marnie

'I've dropped two dress sizes!'

The star stopped boozing and binge-eating to drop four kilos in four weeks!

BEFORE

Fact – Marnie Simpson loves to party. So it was a complete shock when the *Geordie Shore* star tamed her booze-swilling ways to get her bod back in shape.

"I used to drink about 10 double vodka and sodas, then the next day eat twice what I normally would because I'd have a hangover," she tells *NW*.

Her junk-food habit was so out of control that on some days the reality star would have "a bacon sandwich for breakfast, McDonald's for lunch and then at night I'd usually order a burger and chips or pasta at 2am".

And on top of the hangover binges, Marnie, 23, had a serious snack addiction.

"If I had a multi-bag of Monster Munch [chips], I'd eat every single one of the 15 packs in one sitting," says the 163cm tall star, who weighed over 63kg at her heaviest.

Of course, a messy break-up with fiancé and former *The Only Way Is Essex* star Ricky Rayment just two months ago didn't help – it just caused her to seek solace in food.

"When some people go through heartache, they don't eat," says Marnie. "But I'm the opposite. I ate more and gained weight because I was comfort eating."

But it's amazing what a difference a month makes. After following the No-Diet Diet for four weeks, she's dropped an impressive four kilos and two dress sizes, shrinking to a svelte size-eight!

Here, *NW* finds out exactly how she did it – and whether vodka is still on the menu...

WEIGHT: 63kg

DRESS SIZE: 12

It ain't easy leading a clean lifestyle around the *Geordie Shore* gang!

AFTER

WEIGHT: 59kg
DRESS SIZE: 8

**'I FEEL
A LOT MORE
CONFIDENT
AND SEXY'**

You always look gorgeous! What made you want to lose weight? I wasn't happy with my body before and it really did affect my self-esteem. You've got to feel really good naked to be happy with yourself and that's one thing I didn't feel. If I was with my boyfriend Ricky, I would normally leave my top on. You have to be happy with yourself. I think when you're in a relationship, you can settle, but now that I'm single, I'm putting in the extra effort to look and feel better.

Have you always worried about your weight? I think when you're thinner, it makes you more confident, so I always want to be happy with my weight. My ideal weight is about eight stone [50kg], so a size-six, which I was when I was 18.

What's been your heaviest weight? I was a large size-12 in 2014. I avoided the scales altogether, but I was probably over 10 stone [63kg]. When I've put weight on, I've hidden it really well. I wear bigger clothes – if I'm a size-12, I'll wear a size-14 dress. I don't wear skimpy outfits when I've put on weight.

How much exercise have you been doing? I've been seeing a personal trainer three times a week for one-hour sessions, which include lots of core work. I'm probably the fittest I've been, but not the skinniest. [Geordie Shore cast mate] Chloe [Ferry] has been really good – she's been coming to workouts with me, too.

How do you feel when you look in the mirror? I feel a lot more confident and sexy within myself. My legs have always been my favourite part. They're dead long and thin, and now they're really toned. I'd definitely be happy to go naked in front of a boyfriend, but I'm single so that's probably not going to happen!

What do you think Ricky would make of your new body? He always liked me the way I was. He liked my bum the best, but we'll never know. It's definitely over now.

Have you cut down your drinking since getting on the diet? Yep, even though it's allowed on the diet, I cut out alcohol, because I was recently diagnosed as being yeast intolerant. But I do still like to go out for dinner and socialise with my friends.

Sometimes, when it's that time of the month, I really want a McDonald's. Luckily, it's allowed on the diet, but my usual order of a double cheeseburger, large fries and six chicken nuggets isn't!

Did you have a weight-loss goal?

I just wanted to feel confident and to focus on my problem area, which has always been my stomach. I also had quite a lot of back fat. If I was wearing something that was showing off my side boob, you could see my back fat as well.

The No-Diet Diet

It's the food plan that still lets you indulge in the naughty stuff you love! And as well as allowing the odd treat, the No-Diet Diet doesn't make you axe any major food groups.

All you have to do is choose one meal a day from each colour-coded section – red, amber and green – plus three extra treats per week, and you're even allowed the occasional vino! We've included just a few samples below.

And when it comes to water, black tea and black coffee, you can have as much as you like!

The key to the diet is balance.

So if you eat a fry-up for brekkie, balance it with a medium-sized lunch and an even smaller dinner. Just watch portion sizes – it's a small price to pay for feeling good in your bikini!

TREATS

Save these for a party, as you're only allowed three per week – treats include one glass of prosecco (555kJ), a small sausage role (535kJ), and a margarita (625kJ).

*"Hey, I like to look at it

BOTTOMS UP!

She may be a diva, but you can't accuse **Jennifer Lopez** of having her head up her own arse – well, not yet anyway. She's getting up close and personal with her most famous asset – besides her voice, of course – at her *iHeartRadio Fiesta Latina* show in Miami.

A JOB FOR BOND

New York is a big place and it's easy to get lost – even when you're 007, aka **Daniel Craig**, who needs to ask for directions in the Big Apple after doing a shop. Either that or one of the Village People is treating him to an impromptu performance of *Go West...*
